ADIPEC 2024 - A Successful Participation and Strong Partnerships

We are pleased to share that we participated in the largest Oil and Gas event, ADIPEC (Abu Dhabi International Petroleum Exhibition and Conference), held in Abu Dhabi. This event provided us with a valuable opportunity to engage with key players in the industry and enhance our relationships with both current and potential clients.

Our team from Kanoo Shipping had the opportunity to meet with customers at The Kanoo Group booth, which was organized by our Kanoo Energy division. This direct interaction allowed us to demonstrate our commitment to delivering high-quality services and driving growth and innovation in the sector.

In addition to our activities at The Kanoo Group booth, we also visited several long-standing customers, suppliers, vendors, and port authorities who were present at the exhibition. These face-to-face meetings reinforced our dedication to building long-term partnerships and staying aligned with the industry's evolving needs.

Our presence at ADIPEC highlights our dedication to providing quality service, strengthening relationships with key stakeholders, and supporting the growth and success of the oil and gas sector. We are excited to continue building on these connections and achieving further success in the future.
