Kanoo Shipping India welcomes two new members

Kanoo Shipping, a division of The Kanoo Group and Yusuf Bin Ahmed Kanoo Group—one of the largest family conglomerates in the region—has welcomed two new members to join their India office.

The two new employees, Rupali Bandekar and Sali Thomas, recently joined the division as the newest Finance Manager and Operations Manager, respectively.

Bandekar boasts over 18 years of experience in the shipping industry, having worked with major liners and shipping agencies across India.

As Kanoo Shipping India's new Finance Manager, she will contribute to the division's business planning process, as well as help create financial strategies that would drive better the division as a whole.

Thomas, on the other hand, has been in the industry since 1998—working in the documentation department of shipping services company JM Baxi before rising to the top as the company's Agency Manager. In addition, she also served as the Manager of Operations at Parekh Marines Services, a known shipping company in India.

With these two professionals joining Kanoo Shipping India, the division foresees better developments through their skills and expertise—allowing the company to thrive further in its operations.

Kanoo Shipping is a division of Yusuf Bin Ahmed Kanoo. From being the first shipping agency in the Arabian Gulf region in 1912, it has grown into the largest regional shipping agency in the Middle East, handling over 20,000 ship calls every year through the company's professional network, which covers all ports in the Suez, Indian sub-continent, and East/South Africa.

As the region's premier tanker agent and offshore service provider, Kanoo Shipping represents many of the world's leading shipping owners, operators, and charterers. It offers regional, trans-regional or global coordinated financial and port-call management services, tailored to individual corporate needs.
